NOTE: The primary responsibility of the Minister of Youth & Family is to work with the Youth Sponsors to plan and implement programs and activities for youth and their families at SCC that will further a vision of loving God and loving people. On a secondary basis, and as time permits, the MYF will also be available to assist other staff members in such ministry areas as evangelism, visitation, administration, and other areas of work as set forth in this job description or as directed by the Elders. Work with the Youth Sponsors and parents to plan, organize and implement an overall program for the young people at SCC. The goal of this program should be to promote spiritual growth and character development in our youth and to strengthen parents in their role as God's primary "youth ministers." To this end we do not expect the MYF to be solely responsible for every youth activity, but instead we intend for him to equip and support parents and other interested adults in the extended church family. Plan and implement programs to support the parent/child relationship and to strengthen families. We recognize that not all children have the benefit of Christian parents and we understand that the MYF will have to make an extra effort to reach these young people. Provide Biblical teaching and spiritual formation training for all, but especially for student ministries. Plan and coordinate our Sunday morning and evening children's ministries. Promote the involvement of our young people in all the worship and education opportunities at SCC. Encourage involvement by our young people in area-wide youth conventions, College weekends, camps, etc. and arrange for transportation and adequate supervision on such trips. Work as a member of the Elders & Ministers Leadership Team. Encourage our young people to be evangelistic, and set an example by actively reaching out to non-Christians. Always be supportive of harmonious relationships between young people and their parents. While it is sometimes important for the MYF to provide a sympathetic ear to young people with family problems, in keeping with our philosophy of family-based ministry we want and expect the MYF to be sensitive to parental responsibility and to avoid inadvertently creating distance between parents and their children. Help promote a feeling of "family" throughout the congregation by including all generations when both possible and conducive for "family" growth. Counsel with families as needed. Keep the Youth Sponsors, staff and Eldership informed of youth activities.
