

WHY SEARCH WITHIN PUBLICATIONS?

- Search within Publications is useful when you want to find articles or book reviews in a certain publication.
- Search within Publications also allows users to virtually browse the table of contents of a specific issue.

HOW DO YOU SEARCH WITHIN PUBLICATIONS?

- Follow the link to the specific publication found on the library webpage or in a library research guide.
- Click on **Search within this publication** or on a specific year and issue.
- When using **Search within this publication**, additional keywords may be added using the Boolean operator AND or additional limits placed on the search.
