

## APPROVED FIELD MENTORS

We are grateful to mentors like you who are willing to invest so much time in the life of a student to help him/her learn from you and become the Christian leader God has called them to be.

Thank you for accepting the challenge and call to become a Field Mentor for a Lincoln Christian University student. We want you to know how important your energy, planning, instruction, and time spent are to the maturation of our students. There is no greater leadership accomplishment that you can make in your career than to replicate yourself in others. Thanks again for partnering with Lincoln Christian University to *prepare Christian leaders for the world*.

Please review your responsibilities as a mentor on a regular basis while you are acting as a Lincoln Christian University intern's Field Mentor. Keep in mind that at the end of each month, once during the middle of the internship, and once at the end of the internship, we will be send you a report to update us on the intern's progress. Each of these reports will be emailed to the mentor's email account as an attachment.

\*\*We ask all of the approved field mentors to always keep their information up to date. Please contact the Internship Office ([internoffice@lincolnchristian.edu](mailto:internoffice@lincolnchristian.edu)) if any of your contact information changes from what was submitted on your Field Mentor Application.
